 Alwyn18 —  Alwyn Wilson Olivera —  alwynoliver04@gmail.com —  +91 7483432740

Summary

Bachelor of Engineering graduate in Robotics and Artificial Intelligence with an interest in UI/UX design and frontend development. Experienced in developing responsive web pages using HTML and CSS through internship projects. Skilled in Adobe Photoshop and DaVinci Resolve, and currently learning JavaScript while exploring modern UI/UX design practices.

Education

J N N College of Engineering , Shivamogga, India Bachelor of Engineering in Robotics and Artificial Intelligence (CGPA: 7.9)	Aug 2022 – May 2026
St. Anne's PU College , Sira, India Class 12 Board — Percentage: 71	Apr 2021 – Mar 2022
St. Anne's High School , Sira, India Class 10 Board — Percentage: 80	Apr 2019 – Mar 2020

Projects

Unemployed Cafe Website (Internship Project) 2026

- Developed a responsive multi-page cafe website using HTML and CSS during a Java Full Stack internship.
- Built Home, About, Services, Contact, Location, and Thank You pages with intuitive navigation.
- Applied responsive design, typography, icons, and color styling for an improved user experience.
- Organized reusable HTML and CSS code for clean and maintainable frontend development.

Automated Voice-Controlled Robot Navigation System Dec 2025

- Developed a voice-controlled robot for indoor navigation with obstacle avoidance.
- Designed and tested a modular command system through simulation.
- Implemented and validated the robot through successful hardware testing.
- Built a mobile app using MIT App Inventor with Google Speech Recognition for voice control.

Skills

- **Frontend:** HTML, CSS, JavaScript (Basic)
- **UI Design:** Responsive Web Design, Typography, Layout Design
- **Creative Tools:** Adobe Photoshop, DaVinci Resolve
- **Programming:** Core Java, Object-Oriented Programming (OOP)
- **Tools:** VS Code, Git, GitHub
- **Soft Skills:** Creativity, Communication, Problem-Solving, Teamwork

Leadership

Lens and Light Club, JNNCE • Led creative initiatives and organized college events. • Designed promotional posters and digital content. • Mentored members in photography, videography, and video editing. • Coordinated the Photography Competition at the national-level TechZone event.	<i>Leader (2025–2026)</i>
---	---------------------------

Certifications & Achievements

- **UI/UX Design for Beginners – Great Learning:** Completed an introductory course on UI/UX design fundamentals.
- **Autodesk Fusion 360 – 24-Hour Challenge (Chennai):** Designed CAD models under real-time design constraints.
- **GTTC Certification:** Completed *Basics of PLC* and *Fundamentals of Hydraulics & Pneumatics*.
- **Cultural:** Keyboard performer at inter-college fests and Shimoga music events.

Interests

- **Performing Arts:** Keyboard player in cultural events and shows.
- **Photography & Videography:** Event coverage, creative editing, and digital storytelling.
- **Technical Competitions:** Hackathons and innovation challenges.
